Can you send me the link to this in Netsuite?

I'll work out the invoices today with Liam and try to update?

Once we are aligned on this internally, I can reach out to Jenny and Co. in response to her email.

@Liam Wilson do you send them any monthly operational reporting already?
Capturing the progress of build out?
If yes, will you be adding in monthly KW usage for hosting?

The hosting bill we will raise will include 2-line items:

1. Monthly power rate – including detail of the total MW used in month
2. Advanced troubleshooting – if provided

Is there anything else we want to include?

Cadence of billing – I propose Work Day 3 (WD3) after month end – will that work in terms of getting the right data or do we need to push out a bit?

Hi Lauren,

Please send us the actual hosting bill for April. We'd like to see the actual amount and should also apply to the deposits that we made. Please also let us know what timeframe during the month do you usually bill us. Thanks!

Thanks,
Jenny

Subject: Mawson deposit invoices

Hi Celsius team,

Thank you for your time this week, it was great to finally put faces to names.

We wanted to summarise our call, so we all have a good understanding moving forward to ensure everything is running smoothly.

Power deposits – as discussed paid 2 months up front. We have issued you the March/April and May invoices. Could you please let us know when these will be paid?

Monthly power bills – these will be invoiced to you retrospectively, we usually receive these from the utility in the first week of each month, as soon as we have them, we will pass on to you.

Refund of power bills at end of contract (hopefully we are long term partners and this is unnecessary, but good to have in place all the same so we each know where we're at and can account for it appropriately). We will refund the full deposit amount at the end of the contract.

Thanks and please feel free to reach out with any questions, we are happy to jump on a call.

Regards,
